

# Mission Statement

Lilly Brook Preschool provides a safe, developmentally appropriate, nurturing environment that promotes social, emotional, cognitive and physical growth, as well as a positive self-image and a love of learning. The Preschool Place and Kindergarten is recognized as a leader in the community for providing a strong foundation for future academic success.

## Philosophy

Lilly Brook Pre School has a comprehensive approach to educating and enriching the whole child. Our preschool curriculum is play based as we believe it is the most appropriate mode for a young child's learning. Our experienced qualified practitioners enable each child to reach his or her highest potential by supporting children wherever they are on their own learning path and timeline. Our curriculum and structure allows us to

- spend quality teaching time with each child;
- develop close child-teacher bonds of affection, trust and respect;
- assess each child's social, emotional, cognitive, and physical growth and work to achieve the best learning outcomes for each child;
- work with children in small groups and larger groups to teach core skills such as collaboration.

Our goal is to build skills that set children up for success in pre school and beyond
